About ELevate 2025:

ELevate is the annual flagship event of Enabling Leadership that celebrates excellence. More than just a competition, it offers children from government schools and low-income communities the opportunity to showcase their skills and knowledge they have acquired through Enabling Leadership's programs. ELevate competitions encompass mixed-gender football leagues, music performances, and Lego showcases that culminate in National Finals at Bengaluru. In the previous two editions, more than 10,000 under-served children put up an unprecedented display of teamwork, creative thinking, and decision making at the regional leagues. Around 600 students who qualify the regional rounds get the rare opportunity to participate in the National Finals. Many of these students travel outside their town, city and State for the very first time!
